PRESENTATIONS

Enterprise Risk Management Annual Report and Digital Risk Update

Mr. Edwards introduced a presentation on the Enterprise Risk Management Annual Report and a digital risk update, given by Ms. Joda Morton, director for enterprise risk management, and Mr. Joe Barnes, chief digital risk officer. President Killeen remarked on the importance of Enterprise Risk Management (ERM) and the seriousness with which
it is taken at the University. He gave a brief history of the implementation of the current ERM process and said it proactively mitigates key risks. He gave examples of these and asked Ms. Morton to begin the presentation (materials on file with the secretary).

Ms. Morton gave an overview of ERM and the ongoing assessment of risks. She listed the composition of the System Executive Risk Management Council and described its process and meeting frequency. She discussed the Fiscal Year 2022 key risk focus areas. Ms. Morton provided information on annual risk evaluation, which she said includes a survey that was conducted electronically for the first time this year. Ms. Morton shared the results of the survey and listed emerging risks and top concerns, as well as Fiscal Year 2023 focus areas. She told the committee that cybersecurity was an area of focus identified through the ERM process, which resulted in the appointment of Mr. Barnes as the chief digital risk officer. Ms. Morton asked Mr. Barnes to share information about digital risk.

Mr. Barnes defined digital risk and provided information about areas of focus. He discussed the management of risk and response and described the responsibilities of his role as chief digital risk officer. He also provided information about the purpose of the digital risk council and aspects of the digital incident response plan, which describes how the University would respond to a large material cyber event. Mr. Barnes concluded the presentation by discussing metrics, which he said are currently not as mature as other metrics commonly used by the University. He said these will evolve
over time. There were no comments or questions about the presentation, and Mr. Edwards thanked Ms. Morton and Mr. Barnes for the information.

Legislative Update

Next, Mr. Edwards asked Ms. Jennifer M. Creasey, assistant vice president, external and State relations, and Mr. Paul Weinberger, assistant vice president, federal relations, to give a legislative update. Ms. Creasey highlighted recent events and activities and referred to outreach and communication with the legislature. She provided details about a second leadership State tour based on the theme “Partnering with Purpose,” and said these tours are a powerful way to share the University of Illinois story and form partnerships throughout the state. Mr. Weinberger reported on federal relations and highlighted the Endless Frontier Act, which may have a positive impact on research funding for the University and authorizes increased spending at agencies that are strong supporters of the University. He referred to proposed new Title IX rules from the U.S. Department of Education and briefly discussed other bills that would support University priorities. He also listed several recent in-person events that have recently taken place with President Killeen, Dr. Ghosh, Dr. Reyes, other administrators, and members of the faculty.
