

SUPPLEMENT TO THE MINUTES OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

September 18, 1974

Internal Operating Budget for 1974-75

UNIVERSITY OF ILLINOIS INTERNAL OPERATING BUDGET 1974-75

EXPLANATORY NOTES

The budget pages are numbered separately for each of the three campus locations, with letter prefixes (UC, MC, and CC). The General University budgets at each location are listed first, followed by the campus budgets.

The right hand column contains the annual salary rate or other budgeted amount for FY75, while the preceding column contains the amount for FY74. In the column at the right of the titles, the first symbol indicates tenure for academic employees or type of pay plan for nonacademic employees. The second symbol indicates the services required during the year. It is followed by the full-time equivalent for salaried positions.

Academic Tenure Symbols The tenure of academic staff is in accordance with Article X, Section 1 of the University of Illinois Statutes. The following tenure symbols are used in the budget:

- A Indefinite term appointment.
- P Indefinite term appointment for part-time service only.
- Q Initial term appointment for a Professor or Associate Professor. (A staff member may have only one such term appointment.)
- T Terminal appointment and notice of non-reappointment.
- W One-year appointment subject to special written agreement, without commitment for an indefinite term appointment or for service credit in a probationary period.
- N Term appointment not eligible to be appointed for an indefinite term and not credited toward probationary period.
- K Headship. As provided in the Statutes, the head of a department is appointed without specified term.
- 1-7 The number of years which will be credited at the end of the appointment year toward completion of the probationary period required for an indefinite term appointment.

Services Required of the Academic Staff The services required of the academic and administrative staff are in accordance with Article IX of the University of Illinois Statutes and Section 26 of the General Rules Concerning University Organization and Procedure. The following codes indicate the service required:

- A Academic year of two semesters or three quarters.
- E Same as A, except payable over 9 months.
- Y Twelve months less vacation.
- X Twelve months less vacation. Percentages indicate the amount of time for each department or account during the academic year. (Must be combined with "S.")
- S When used in the budget and annual contract, denotes full-time service for two summer months in the department indicated. "X" is used for remainder of appointment.
- N No obligation to render service (non-salaried appointments only).

No additional compensation is allowed for summer services for any portion of salary indicated as "Y," "X," or "S." For positions or portions of positions on an academic year service basis, services are required only during two semesters at Urbana-Champaign or three terms at both Chicago campuses, defined for payroll purposes as August 21 through May 20 and September 16 through June 15 respectively. Summer Session teaching, if required, will be covered by an additional appointment with salary at $\frac{2}{3}$ of the annual rate for full-time service during an eight-week session or $\frac{3}{4}$ of the annual rate for full-time service during a summer quarter. Summer research appointments are limited to two months at $\frac{2}{3}$ salary unless the Chancellor approves a longer period in exceptional circumstances.

Except for those positions coded as "E," all payments to academic staff are made on a monthly basis for the payroll year beginning August 21 in Urbana-Champaign and September 1 in Chicago.

Nonacademic Pay Plan Symbols. Nonacademic positions are subject to the University of Illinois Policy and Rules-Nonacademic. The type of pay plan, as outlined in Chapter IV, is indicated by the following symbols:

- O Open Range (University Plan)
- N Negotiated Plan
- P Prevailing Rate Plan
- E Established Rate Plan

Services Required of Nonacademic Staff Services required of nonacademic employees are outlined in Chapter XIV of Policy and Rules-Nonacademic. Unless otherwise indicated, all positions are for twelve months' service, less allowable vacation. Salary changes shown in the budget for open-range personnel are effective with the payroll period beginning closest to September 1. (Individual changes in negotiated and prevailing rates are not usually shown in the budget. Funds for such increases, which may have different effective dates are budgeted in lump sums.) Payments are made bi-weekly on an hourly basis, calculated by dividing the annual salary (adjusted to a full-time basis) by the number of hours as indicated in the following service symbols:

- 1 2080 hours (40-hour week)
- 2 1950 hours (37½-hour week)

General Funds General Funds are those appropriated by the General Assembly. Only the five-digit campus-college-department number is listed in the budget heading; however, the full account number is shown in each lump-sum item line. Appropriation accounts are set up from the budget in four major categories: Salaries, Wages, Expense, and Equipment. Transfers among these categories, as well as between expense objects at Chicago, may be made upon approval of the Director of Business Affairs (or the Assistant Vice President for Financial Affairs). Because of limitations of the State Finance Act, transfers between salaries and wages and transfers from one expense object to another expense object are generally the only ones that can be approved.

Funds for Salaries may be obligated for the term indicated by the service code. When an academic appointment is made at less than the amount provided in the budget, the unused balance is transferred to a reserve for salary reassignment. (This may be at the Chancellor's or the Dean or Director's level, depending on campus policy.) Unexpended balances in vacant positions at the close of each month will be transferred to a Campus Salary Reserve unless previously assigned or encumbered.

Funds appropriated for individual positions in the salary budget which are not yet filled may be used for temporary appointments in accordance with campus policy and upon proper authorization by academic officers and by the campus Business Affairs Office or Personnel Services Office. For the use of such balances for student wages, consult the Business Affairs Office.

Appropriations for Expense and Equipment and for Wages are available for obligation for one year beginning July 1, 1974.

Assignments from accounts designated as "General" may be made by the administrative officer under whom the funds are budgeted upon notice to the Business Affairs Office, unless special restrictions have been established for such approvals. Any other assignment or transfer which increases a departmental budget must be approved by the Chancellor or the Vice President for Planning and Allocation, or their deputies.

Institutional Funds (Accounts beginning with "40" following the campus code) Amounts appropriated may be used interchangeably for Salaries, Wages, Expense or Equipment. Other transfers of institutional funds may be made in accordance with campus policy in the same manner as for general funds.

All Other Funds Budgets of auxiliary enterprises, cooperative investigations and other restricted funds are based on estimates, and therefore, only salaried positions are listed under individual accounts. Expenditures are limited to actual income, but balances or receipts in excess of estimates may be expended for the operation of the activity. Subject to *Statutes*, appointments may be cancelled if funds for cooperative investigations are withdrawn.
