UNIVERSITY OF ILLINOIS PERSONAL SERVICES SUPPLEMENT
1980-81

EXPLANATORY NOTES

The supplement pages are numbered separately for each of the three campus locations and the General University, with letter prefixes (CC, MC, UC, and GU).

The right hand column contains the annual salary rate or other amount for FY81, while the preceding column contains the amount for FY80. In the column at the right of the titles, the first symbol indicates tenure for academic employees. The second symbol indicates the services required during the year. It is followed by the FY81 full-time equivalent for salaried positions.

Academic Tenure Symbols The tenure of academic staff is in accordance with Article X, Section 1 of the University of Illinois Statutes. The following tenure symbols are used in this supplement:

- A Indefinite term appointment for the percent of time indicated.
- Q Initial term appointment for a Professor or Associate Professor. (A staff member may have only one such term appointment.)
- T Terminal appointment and notice of non-reappointment.
- W One-year appointment subject to special written agreement, without commitment for an indefinite term appointment or for service credit in a probationary period.
- N Term appointment not eligible to be appointed for an indefinite term and not credited toward probationary period.
- K Headship. As provided in the Statutes, the head of a department is appointed without specified term.
- 1-7 The number of years which will be credited at the end of the appointment year toward completion of the probationary period required for an indefinite term appointment.

Services Required of the Academic Staff The services required of the academic and administrative staff are in accordance with Article IX of the University of Illinois Statutes and Article III, Section 1 of the General Rules Concerning University Organization and Procedure. The following codes indicate the service required:

- A Academic year of two semesters or three quarters.
- E Same as A, except payable over 9 months.
- Y Twelve months less vacation.
- X Requires service on a twelve months basis, less vacation, but with a different distribution of time between departments during the academic year. The portion of the appointment during the balance of the twelve month period will be indicated by the symbol "S" making the total appointment equivalent to "Y."
- N No obligation to render service and no commitment toward tenure.

No additional compensation is allowed for summer services for any portion of salary indicated as "Y," "X," or "S." For positions or portions of positions on an academic year service basis, services are required only during two semesters at Urbana-Champaign or three quarters at both Chicago campuses, defined for payroll purposes as August 21 through May 20 and September 16 through June 15, respectively. Summer Session teaching, if required, will be covered by an additional appointment with salary at 2/9 of the annual rate for full-time service during an eight week session. Summer research appointments are limited to two months at 2/9 salary unless the appropriate Chancellor approves a longer period in exceptional circumstances.

Except for those positions coded as "E," all payments to academic staff are made on a monthly basis for the payroll year beginning August 21 in Urbana-Champaign and September 1 in Chicago.

Nonacademic salary amounts and full-time equivalent are indicated in lump-sum totals by department.

Appropriated Funds Funds appropriated by the General Assembly/Federal Government. The five-digit campus-college-department number is listed in the supplement heading. Appropriation accounts are set up from the budget in four major categories: Salaries, Wages, Expense, and Equipment. Transfers among these categories, as well as between expense objects at Chicago, may be made upon approval of the Director of Business Affairs (or the Senior Associate Vice President for Business and Finance). Because of limitations of the State Finance Act, transfers between salaries and wages and transfers from one expense object to another expense object are generally the only ones that can be approved.

Funds for Salaries may be obligated for the term indicated by the service code. When an academic appointment is made at less than the amount provided in the budget, the unused balance is transferred to a reserve for salary reassignment. (This may be at the Chancellor's, Dean's, Director's or Department Head's level, depending on campus policy.)

Funds appropriated for individual positions in the salary budget which are not filled may be used for temporary appointments in accordance with campus policy and upon proper authorization by academic officers and by the campus Business Affairs Office. For the use of such balances for student wages, consult the Business Affairs Office.

Assignments from accounts designated as "General" may be made by the administrative officer under whom the funds are budgeted upon notice to the Business Affairs Office, unless special restrictions have been established for such approvals. Any other assignment or transfer which increases a departmental budget must be approved by the Chancellor or the Executive Vice President or their deputies.

Institutional Funds Amounts appropriated may be used interchangeably for Salaries, Wages, Expense, or Equipment. Transfers of institutional funds may be made in accordance with campus policy in the same manner as for appropriated funds.

Restricted Funds Budgets of Auxiliary enterprises, cooperative investigations and other restricted funds are based on estimates, and therefore, only salaried positions are listed in this supplement. Expenditures are limited to actual income, but balances or receipts in excess of estimates may be expended for the operation of the activity. Subject to University of Illinois Statutes, appointments may be cancelled if funds for cooperative investigations are withdrawn.
